

Case Study: Commercial

- Client:** Teads TV
- Location:** Oxford Street, London
- Contractor:** Open Workspace Design

Summary:

We consider ourselves as Building Control specialists in the office fit-out sector. With over 20 years of experience working in central London, as well as Leeds and Manchester. Our systems have been developed to satisfy our clients' requirements for both the speed, technical support and accuracy of the response. Ensuring that our clients are not left to pick up the pieces associated with miscommunication.

On a recent fit-out, an accommodation stair was installed between 2 floors. The innovative use of a fire curtain maintained the client's open plan design intent whilst satisfying the fire compartment fire requirement. The project was completed within a short deadline and budget.
